

almond Heil (/ˈhaɪl/)

Hi! I like messing around with computers,
and I only *sometimes* break the whole OS.

Education

Grinnell College Computer Science, B.A.
Grinnell, IA Aug. 2021 – May 2025 (expected)

- 3.808 GPA
- Computer Science coursework including Operating Systems, Parallel Programming, Theory of Computation
- Additional coursework in linguistics, pure math, and theatre
- Dean's List

Selected Experience

Grinnell College CS Department Grinnell, IA
Teaching Assistant, CSC 161 and 213 Jan 2023 – Present

- Held weekly mentor sessions to address student uncertainties, study topics, and programming questions
- Built a strong understanding of foundational and operating systems through teaching
- Acted as a resource for student learning, in and out of class

Los Alamos National Labs, HPC Los Alamos, NM
Supercomputer Institute Student Jun-Aug 2024

- Designed and built a 10-node supercomputer cluster
- Administrated cluster from the ground up, progressing from manual to automated administration methods
- Explored containerizing the Cray Programming Environment, applicable to many aspects of work at the Lab

Los Alamos National Labs, XCP Los Alamos, NM
Parallel Fellowship Student Jun-Aug 2023

- Explored one-sided MPI communication paradigms
- Developed a new transportation method for Branson, a lab testing code for radiation transport
